

A Trip to Outer Space

Come join The Athletic Edge for a week in outer space. We will be learning all about the galaxies, planets, constellations, and star signs. We will be making everything galaxy including galaxy bottles, galaxy slime, and galaxy paintings. We have fun themed crafts and activities planned and even a constellation snack craft that you can even eat. We will be creating space stories and telling stories about our adventure we take throughout the week in outer space. We even have an awesome space show to watch. Bring your space suit, because we are blasting off into a week of excitement in outer space.
